## FOR IMMEDIATE RELEASE

### **Capital Machine Technologies Added as the Southern United State OMAX Distributor**

KENT, Wash., January 21<sup>st</sup>, 2020 – OMAX Corp® is honored to announce that Capital Machine Technologies will be representing OMAX® waterjets in Texas, Louisiana, Oklahoma, Arkansas, Mississippi, Alabama, Tennessee, North Carolina, South Carolina, Georgia, Virginia, and Florida.

Capital Machine Technologies was established in 1984 as a Florida corporation based in Tampa. Providing world-class technologies from industry leaders combined with excellent services has enabled Capital to become the largest Distributor of Metal Fabricating Technology and Robotic Welding Systems in the south.

Capital Machine will sell all four of OMAX product lines: OMAX, MAXIEM®, GlobalMAX and ProtoMAX®. All OMAX-built abrasive waterjets bring advanced material handling technology to the general machine and architectural shop, as well as OEMs for production runs, short-runs and prototyping. OMAX waterjets can machine any material: metals, plastics, glass, ceramics, and composites. OMAX offers a complete line of systems and accessories, including an extra precision line capable of machining within 0.001".

Steve Ulmer, OMAX's Vice President of Sales, said "Capital adds a solid foundation of machine tool experience. We're excited to start working with them to provide Southern United States even better support and service."

#### About OMAX Corporation

Based in Kent, Washington, OMAX Corporation is the leading manufacturer of advanced abrasive waterjet systems. The company designs waterjet systems that feature intuitive software, efficient pump technology, and a wide range of accessories. OMAX Corp. has developed the OMAX, MAXIEM, GlobalMAX, and ProtoMAX brands offering a full spectrum of waterjet machine tool capability. The ISO 9001:2015 certified company designs, manufactures, assembles and tests components as a complete system to ensure optimum performance. OMAX Corp. also has the most

comprehensive service and support network in the waterjet industry to keep its customers ahead of the manufacturing curve. OMAX Corp. is a Hypertherm Company®. For more information, visit [OMAX.com](http://OMAX.com) or connect with the company on Facebook, Twitter, LinkedIn and YouTube.
